SWISSCDF

SWISS COMPACT DENSITY FIBREBOARD

DE Die Welt der Holzfaserverplatten kennt einen neuen Qualitätsstandard: SWISSCDF – Compact Density Fibreboard. Im konstruktiven und robusten Möbelbau wird oft MDF verwendet. HDF wird zumeist in Fussbodensystemen verarbeitet. SWISSCDF ist eine kompakt verdichtete, schwarz eingefärbte Faserplatte ($> 1'000 \text{ kg/m}^3$), die mit ihrer hohen Dichte und den ästhetischen Reizen ganz auf das Designer-Herz abzielt.

FR Le monde des panneaux de fibres de bois connaît un nouveau jalon de qualité: SWISSCDF – Compact Density Fibreboard. Le MDF est souvent employé dans la construction de meubles robustes. Le HDF est généralement utilisé dans les systèmes de sol. SWISSCDF est un panneau de fibres dense et compact, coloré en noir ($> 1\,000 \text{ kg/m}^3$) qui, avec sa grande densité et ses attraits esthétiques, fait le bonheur des designers.

IT Il mondo dei pannelli in fibre di legno conosce un nuovo standard di qualità: SWISSCDF – Compact Density Fibreboard. Nell'ambito della costruzione di mobili dai sistemi costruttivi e robusti si impiegano spesso i pannelli MDF. I pannelli HDF vengono adoperati per lo più per i sistemi di pavimenti. Lo SWISSCDF è un pannello in fibre di legno, compattamente compresso e tinto di nero ($> 1'000 \text{ kg/m}^3$) che grazie alla sua elevata densità e le sue suggestioni estetiche mira diritto al cuore dei designer.

EN The world of fibreboards has a new quality standard: SWISSCDF – Compact Density Fibreboard. MDF is often used in the fields of structural and robust cabinetry. HDF is predominantly used in floor systems. SWISSCDF is a compactly compressed, black coloured fibreboard ($> 1,000 \text{ kg/m}^3$) exactly targeting the heart of the designer with its high density and aesthetic stimuli.

SWISS**CDF** IS ENVIRONMENTALLY FRIENDLY

DE SWISS**CDF** ist umweltfreundlich

- Aus Schweizer Holz von nachhaltig bewirtschafteten Wäldern.
- Bei der Produktion werden über 90% erneuerbare Energieträger verwendet.
- SWISS**CDF** fügt sich vollständig in die Kaskadennutzung des Holzkreislaufes ein.
- Speichert CO₂ und schont die Umwelt.

FR SWISS**CDF** respecte l'environnement

- Fait de bois suisse issu de forêts à gestion durable.
- Lors de la production, plus de 90% de ressources énergétiques renouvelables sont utilisés.
- SWISS**CDF** s'intègre parfaitement à l'utilisation en cascade du cycle du bois.
- Stock le CO₂ et protège l'environnement.

IT SWISS**CDF** è ecologico

- Prodotto da legno svizzero proveniente da foreste gestite in modo sostenibile.
- Durante la produzione vengono impiegati oltre il 90% di risorse energetiche rinnovabili.
- SWISS**CDF** si inserisce interamente nell'utilizzo a cascata del ciclo di vita del legno.
- Conserva CO₂ e rispetta l'ambiente.

EN SWISS**CDF** is environmentally friendly

- Made from Swiss wood that originates from sustainably managed forests.
- During its production, the energy sources used are 90% renewable.
- SWISS**CDF** completely integrates into cascade use of the wood cycle.
- Saves CO₂ and protects the environment.
